

Our strengths are experience, professionalism, enthusiasm and personal approach to the patient. We offer a range of modern equipment including LOKOMAT and Armeo Spring Pediatric which are very unique on a global scale. Our centre is modern and of an excellent quality, colourful and friendly.

OUR OFFER

- combination of individually designed therapy supported by modern equipment (Lokomat, Armeo, TheraSuit, TheraTogs, or other)
- intensive rehabilitation with elements of NDT- Bobath, SI (sensory integration), PNF, water exercises supported by hydrotherapy, physiotherapy and massage
- other activities such as music therapy, choreotherapy, hippotherapy, art therapy, pet therapy and recreational games

We focus on close relationship with parents. Our staff listens and understands what obstacles and challenges you could face as a parent/carer of disabled child. Full acceptance of child's imperfections, consistency in striving to meet goals will bring you step closer to fulfil your and your child's DREAMS.

Together with professional therapy for your children parents/carers can also take care of their wellbeing. You can use the professional treatments in our Center and/or in WITAL health resort, as well. (located 5 km far from our Centre).

This is another way how we fulfil our DREAMS - we take care of parents and carers who devoted their lives to take care of their beloved child.

We invite children and young people together with their families. Our building is fully accessible for disabled people. You can find us in Niedrzwica near Goldap - surrounded by lakes and forests with beautiful nature and climate. Goldap offers a range of attractions including an

outdoor gym, mineral water drinking place, salt cave and graduation towers.
